He set the cruise control and fell asleep at the wheel. The car hit the pillar at the side of the road head on, and the engine was pushed into the front seat. Scott broke both his legs, his right arm, and every rib. A friend of his either in the police or state trooper office was the first on the scene. Scott was in a complete body cast after getting out of the hospital. He was on lots of pain medication, and started drinking after that time. All the medication and alcohol made him abusive, and Barbara divorced him after that. [BKK - 5/2003]
